Premium Wrapped Canvas (Gloss)

Zazzle's gloss canvas is made from an additive-free cotton-poly blend and features a special ink-receptive coating that protects the printed surface from cracking when stretched. Made with a tight weave ideal for any photography or fine art, our instant-dry gloss canvas produces prints that are fade-resistant for 75 years or more.

☆☆☆☆☆ Crane, Ogata Korin Fine Art

Product Quality: Recommended: No Shipped on time: Yes

About the product:

As shown in the sample, the heads of several of the cranes wer cut off!!? Yes... in the large size, the clarity suffered. But, I expected to at least see all their heads! I'd still love to get the triptic set if you're ever able to shrink the painting to fit inside the framing. Otherwise... I have returned them and have gotten a credit on my card. I do appreciate the ease with which I was able to return/refund my purchase without a lot of hassle.

About the print:

Clarity of the painting suffered when blown-up to size. Worst was the fact that the heads of a couple of the cranes were completely cut off!?

About the product:

My picture of Loiano, Italy, where my 94 year old Grandfather served in WW2 looked amazing. I had it shipped to my grandfather pre-arrival for Father's Day, and it arrived on time! He had them up in the den already, and they looked amazing. He has told me he gets such a charge out of them every time he goes by.

About the print:

The image was beautiful, the printing was very nearly flawless. Crisp, clear colors, and near perfect image reproduction. The blacks were a little too light, but the colors looked beautiful, spot on.

About the product:

We really couldn't be happier with how the print turned out. Ordering was easy (in part because we've done this before with Zazzle and understand the process), it showed up on time very well packaged, and the quality was first rate.

About the print:

The printing was great and met our expectations (probably exceeded our original expectations, but we've ordered canvas prints from Zazzle before, so now they're pretty high). This was one of a set of 3 images showing the progression of a sunset.

About the product:

I've made Giclees before. The last time I did, it cost me around \$500 to have the original photographed and reproduced by a local company specializing in such work. I bought this Giclee on a lark during a promotion and I am blown away by how good it appears. The only reason I'm not giving the product 5 stars is that I won't know how stable the inks are for a few years. Hopefully they do not fade. The only difference in quality I see between this

Giclee and the other I had made, is that the brush strokes aren't visible in this one. That is a detail that the vast majority of people wouldn't notice. This product is well-worth buying!

About the print:

The colors are as expected and it printed exactly as I had hoped. I needed to resize the image by hand using the on-line tool provided by Zazzle such that the folded edges printed in white. I intend to frame this giclee and the artist's signature would have printed on the side of the piece. After resizing, I feared that the image's aspect ratio might have been off -- but those fears were unfounded. It looks great. Also of note, I couldn't figure out how to resize the image on my own and ended up calling customer service. A friendly woman picked up after about three minutes of waiting on hold, and helped me in about 90 seconds. That to me is great customer service.
