About the product:

the fact that I can choose the size and not settle for standard sizes and aspect ratios (really - who came up with the horrible 20x16 or 10x8 - 5:4 is a horrible aspect ratio!) is a great feature. I could pick the best aspect ratio to match my image and pick an perfect size for wall placement. as for the image, well, I took it and made some photoshop adjustments to it to make it beautiful...

About the print:

the colors came out ok, but the image was a little more darker than the image on the screen.

About the product:

I ordered this last week when I got the notification about the sale Zazzle was having on the canvas photo products. The turn-time is MUCH faster than anywhere else I tried to order from. I had actually given up because I didn't think I would get it delivered in time for our wedding. The 16x20 canvas came in on Monday and was better than I could have ever hoped. It looks great and is going to look fantastic in our wedding venue and then in our home afterwards.

About the print:

Picture placement was exactly as requested when I ordered it. The canvas seems to be of good, sturdy quality and the colors look fantastic. The photo I used was taken using the HDR method and the shadows and light came through exactly like it looks in the real photo. It's perfect.

About the product:

I ordered this print on canvas for an art show I'm showing in. The texture of the canvas interacts nicely with the subject. The colors and detail are very much to my liking and design and that the canvas pieces come ready to hang is a huge plus.

About the print:

I'm very pleased with the printing. It matches my processing design.
