About the product:

The canvas prints I ordered turned out really well. I did have an issue with the order I placed. After I placed the order I realized that I chose the wrong picture and wanted to change it. On other sites there has been a link on the confirmation page to make any changes but there was no link on my confirmation email. I sent in a customer service email asking how to change the picture for the order but by the time they received the email it was too late and the picture had already gone to production. I believe a link should be on the confirmation email allowing you to make last minute changes in the first few hours of the order being placed.

About the print:

The print was nice, looked really good on the canvas

About the product:

I am extremely happy with the 3-D effect that the wrapped canvas imparts to the image. That extra 3/4" return makes this image fantastic from any angle of view. This type of street art is fleeting - it's gone after three days - and all that remains of it is that which is captured in images such as this. I think this canvas captures its essence.

About the print:

The color rendition of this canvas is as vibrant as the original chalk art - the next best thing to being there.

About the product:

I was impressed with the impactful effect of the unframed canvas image. It's less imposing than conventional matted/framed photo image. I sense it as more viewer-friendly, inviting interaction, closer inspection.

About the print:

Image printed down somewhat, more somber effect, than as envisioned on my computer screen, but still appealing image. Will consider reprinting to experiment with WYSIWYG.
