

# Paasche Airbrush New Paint Announcement

[www.paascheairbrush.com](http://www.paascheairbrush.com)

EXTREME  
AIR

Paasche has reformulated Extreme Air acrylics to spray effortlessly with the airbrush. Reduced clogging and tip dry in addition to great atomization gives unmatched results. Extreme Air can be used on any surface from fabrics and plastics to metals. Combine colors to create hundreds of custom colors. The XR reducer can be used to increase flow and transparency while the XT transparent base can re-thicken the paint without changing the transparency level reached with the reducer.

X-201 → X-215	2 Ounce Standard Colors	\$5.90/ea
X-241 → X-247	2 Ounce Pearl Colors	\$6.35/ea

Extreme Air uses only the highest grade materials and is specifically designed for use with the airbrush.

No more guessing on how far to thin your paint. Better flow to reduce clogging and tip dry. Easy pour nozzles on each bottle.
