Createx Airbrush Cleaner

A must for any airbrush artist. The most common danger to the smooth operation of your airbrush is improper cleaning. Createx Airbrush Cleaner effectively removes dried color from all internal parts and bottle assemblies without leaving any residue. A special lubricant is formulated into the cleaner to help prevent pigment build-up on the needle and tip. To refurbish a dirty airbrush remove the handle and allow the whole airbrush soak overnight. Cleaner may be diluted with one part water to one part cleaner for normal maintenance.
